Located in Medindie, 5 kilometres from the Adelaide Central Business District, our beautiful grounds provide a serene setting for learning.

Wilderness School is a learning community and a community of learners that provides opportunities for girls and teachers to be creative, to interrogate information and to develop critical thinking skills and resourcefulness as well as how to develop and apply their thinking in different contexts.

Research lives in our classrooms and our pedagogy, and our teachers regularly pursue opportunities and explore ways for students to thrive in a complex contemporary world.

Learning for Life

The academic curriculum is at the core of our daily activities but life at Wilderness offers so much more.

The extensive co-curriculum is vital because of the enrichment it offers to our girls. It allows them to pursue interests and skills beyond the classroom and engage in a wide variety of activities where they can discover new interests, strengths, make new friends, as well as set and achieve goals. Leadership for Life

At Wilderness we prepare girls for the leadership opportunities that they will encounter in life. All students are encouraged to take up leadership roles throughout their time here.

Formal student leadership is encouraged through class representation, the House system and student committees in the Junior, Middle and Senior Schools.

We believe that effective student leadership includes a broad range of experiences for all girls.

We aim to build the understandings and skills of leadership through the curriculum and the many, varied activities of School life in order to assist girls to become respected leaders who act with integrity and model ethical behaviour. In this way students develop their individual capacity to lead and influence others in a responsible manner.

Learning to lead is integral to a Wilderness education, preparing girls for full participation as responsible citizens in an increasingly globalised society.

Our hope is that our students will have the personal attributes to lead at any level, both wisely and with compassion. Opportunities arise on a daily basis for girls to take leadership roles in class. Subject teachers encourage girls to build on these.
